TEK MANUAL FOR CONCRETE MASONRY DESIGN AND CONSTRUCTION

a complete manual of facts on designing and building with concrete masonry and related concrete units

NOTE: This index (TB-11) is not copyrighted. Please feel free to photocopy and distribute as desired.

TEK INDEX (TB-11)
October, 2014
TEK MANUAL FOR MASONRY DESIGN AND CONSTRUCTION

1. Building Codes & Specifications
1-1F  ASTM Specifications for Concrete Masonry Units (4-2012)
1-2C  Specification for Masonry Structures (2-2010)
1-3D  Building Code Requirements for Concrete Masonry (9-2011)
1-4   Glossary of Concrete Masonry Terms (2004)

2. C/M Unit Properties, Shapes, & Sizes
2-1A  Typical Sizes and Shapes of Concrete Masonry Units (2002)
2-2B  Considerations for Using Specialty Concrete Masonry Units (7-2010)
2-3A  Architectural Concrete Masonry Units (2001)
2-4B  Segmental Retaining Wall Units (2005)
2-5B  New CM Unit Configurations Under ASTM C90 (10-2012)
2-6   Density-Related Properties of Concrete Masonry Assemblies (2008)

3. Construction
3-1C  All-Weather Concrete Masonry Construction (2002)
3-2A  Grouting Concrete Masonry Walls (2005)
3-3B  Hybrid Concrete Masonry Construction Details (2009)
3-4C  Bracing Concrete Masonry Walls Under Construction (2014)
3-5A  Surface Bonded Concrete Masonry Construction (1998)
3-6C  Concrete Masonry Veneers (1-2012)
3-7A  Concrete Masonry Fireplaces (2003)
3-8A  Concrete Masonry Construction (2001)
3-10A  Metric Concrete Masonry Construction (2001)
3-11  Concrete Masonry Basement Wall Construction (2001)
3-12  Construction of High-Rise Concrete Masonry Buildings (1998)
3-14  Post-Tensioned Concrete Masonry Wall Construction (2002)

4. Costs, Estimating
4-1A  Productivity and Modular Coordination in Concrete Masonry Construction (2002)

5. Details
5-1B  Concrete Masonry Veneer Details (2003)
5-2A  Clay & Concrete Masonry Banding Details (2002)
5-3A  Concrete Masonry Foundation Wall Details (2003)
5-4B  Concrete Masonry Residential Details (2002)
5-5B  Integrating Concrete Masonry Walls with Metal Building Systems (5-2011)
5-6A  Concrete Masonry Curtain and Panel Wall Details (2001)
5-7A  Floor and Roof Connections to CM Walls (2001)
5-8B  Detailing Concrete Masonry Fire Walls (2005)
5-9A  Concrete Masonry Corner Details (2004)
5-10A  Concrete Masonry Radial Walls (2006)
5-11  Residential Details for High Wind Areas (2003)
5-12  Modular Layout of Concrete Masonry (2004)
5-13  Rolling Door Details for Concrete Masonry Const. (2007)
5-14  Concrete Masonry Hurricane and Tornado Shelters (2008)
5-15  Details for Half-High Concrete Masonry Units (1-2010)
5-16  Aesthetic Design with Concrete Masonry (3-2011)
6. Energy & Indoor Air Quality
6-1C R-Values of Multi-Wythe Concrete Masonry Walls (4-2013)
6-2C R-Values and U-Values for Single Wythe Concrete Masonry Walls (3-2013)
6-3 Shifting Peak Energy Loads With Concrete Masonry Construction (1991)
6-4B Energy Code Compliance Using COMCheck (02-2012)
6-5A Passive Solar Design Strategies (8-2006)
6-6B Determining the Recycled Content of Concrete Masonry Products (6-2009)
6-7A Earth-Sheltered Buildings (9-2006)
6-8 Discontinued (merged with TEK 6-5A)
6-9C Concrete Masonry and Hardscape Products in LEED™ 2009 (2-2009)
6-11A Insulating Concrete Masonry Walls (6-2010)
6-12D Concrete Masonry in the 2009 Edition of the IECC (5-2012)
6-12E Concrete Masonry in the 2012 Edition of the IECC (On line only 5-2012)
6-13B Thermal Bridges in Wall Construction (11-2010)
6-14A Control of Air Leakage in Concrete Masonry Walls (2-2011)
6-15A Radon-Resistant Concrete Masonry Foundation Walls (5-2006)
6-16A Heat Capacity (HC) Values for Concrete Masonry Walls (6-2008)
6-17B Condensation Control in Concrete Masonry Walls (8-2011)
6-18 ASHRAE Standard 90.2 Requirements for Residential Buildings (1996) (Discontinued)

7. Fire Resistance
7-1C Fire Resistance Ratings of Concrete Masonry Assemblies (2009)
7-3A Firestopping for Concrete Masonry Walls (9-2010)
7-4A Foam Plastic Insulation in Concrete Masonry Walls (11-2013)
7-5A Evaluating Fire-Exposed Concrete Masonry Walls (6-2006)
7-6A Steel Column Fire Protection (1-2009)

8. Maintenance & Cleaning
8-1A Maintenance of Concrete Masonry Walls (2004)
8-2A Removal of Stains from Concrete Masonry (2005)
8-4A Cleaning Concrete Masonry (2005)

9. Mortar, Grout, & Stucco
9-1A Mortars for Concrete Masonry (2004)
9-2B Self-Consolidating Grout for Concrete Masonry (12-2007)
9-3A Plaster and Stucco For Concrete Masonry (2002)
9-4A Grout for Concrete Masonry (2005)

10. Movement Control
10-1A Crack Control in Concrete Masonry Walls (4-2005)
10-2C Control Joints for Concrete Masonry Walls - Empirical Method (4-2010)
10-4 Crack Control for Concrete Brick & other CM Veneers (2001)

11. Articulated Concrete Block (ACBs)
Note: NCMA's Paver TEK have been discontinued - See the Interlocking Concrete Pavement Institute's series on TechSpec.
11-9B Articulated Concrete Block for Erosion Control (7-2014)
11-12A ACB Revetment Design - Factor of Safety Method (10-2011)
11-13 Articulating Concrete Block (ACB) Installation (7-2006)
12. Reinforcement & Connectors
12-1B Anchors and Ties for Masonry (11-2011)
12-2B Joint Reinforcement for Concrete Masonry (2005)
12-3C Design of Anchor Bolts Embedded in Conc. Masonry (12-2013)
12-4D Steel Reinforcement for Concrete Masonry (1-2007)
12-5 Fasteners for Concrete Masonry (12-2005)

13. Sound
13-1C Sound Transmission Class Ratings for CM Walls (11-2012)
13-2A Noise Control with Concrete Masonry (5-2007)
13-3A Concrete Masonry Highway Sound Barriers (1999)
13-4A Outdoor-Indoor Transmission Class of CM Walls (2-2013)

14. Structural—General
14-1B Section Properties of Concrete Masonry Walls (8-2007)
14-2 Discontinued - See TEK 14-4A & TEK 14-7A
14-3A Designing Concrete Masonry for Wind Loads (1995)
14-4B Strength Design Provisions for Concrete Masonry (1-2008)
14-5A Loadbearing Concrete Masonry Wall Design (2006)
14-6 Concrete Masonry Bond Patterns (2004)
14-7B ASD of Concrete Masonry (2006 and 2009 IBC) (5-2009)
14-7C ASD of Concrete Masonry (2012 IBC & 2011 MSJC) (2013)
14-8B Empirical Design of Concrete Masonry Walls (7-2008)
14-9A Hybrid Concrete Masonry Design (11-2009)
14-13B Concrete Masonry Wall Weights (8-2008)
14-14 Concrete Masonry Arches (1994)
14-16B Concrete Masonry Fence Design (6-2007)
14-17A Software for Structural Design of Concrete Masonry (12-2010)
14-18B Seismic Design and Detailing Requirements for Mas Strs (9-2009)
14-20A Post-Tensioned Concrete Masonry Wall Design (2002)
14-21A Design of Concrete Masonry Walls for Blast Loading (8-2014)
14-23 Design of Concrete Masonry Infill (12-2012)

15. Structural—Foundation & Retaining Walls
15-1B Allowable Stress Design of CM Foundation Walls (2001)
15-3A Roles and Responsibilities on SRW Projects (6-2010)
15-4B Segmental Retaining Wall Global Stability (4-2010)
15-5B Segmental Retaining Wall Design (7-2010)
15-6 Concrete Masonry Gravity Retaining Walls (1995)
15-7B Concrete Masonry Cantilever Retaining Walls (2005)
15-9A Seismic Design of Segmental Retaining Walls (10-2010)

16. Structural—Multi-Wythe Walls
16-1A Multi-Wythe Concrete Masonry Walls (2005)
16-3B  Reinforced Composite Concrete Masonry Walls (2006)
16-4A  Design of Concrete Masonry Noncomposite Walls (2004)

17. Structural—Beams, Columns & Lintels
17-1D  ASD of CM Lintels Based on 2012 IBC/2011 MSJC (12-2011)
17-2A  Precast Lintels for Concrete Masonry Construction (2000)

18. Quality Assurance, Inspection, & Testing
18-1B  Evaluating the Compressive Strength of CM based on 2012 IBC/2011 MSJC (6-2011)
18-1C  Evaluating the Compressive Strength of CM based on 2015 IBC/2013 MSJC (3-2014)
18-2C  Sampling and Testing Concrete Masonry Units (8-2014)
18-3B  Concrete Masonry Inspection (2006)
18-5B  Masonry Mortar Testing (8-2014)
18-6  Structural Testing of CM Assemblages (1997)
18-7  Compressive Strength Testing Variables for CM Units (2004)
18-8B  Grout Quality Assurance (2005)
18-10 Sampling and Testing Segmental Retaining Wall Units (2005)
18-11B Inspection Guide for Segmental Retaining Walls (8-2012)

19. Water Penetration Resistance
19-1  Water Repellents for Concrete Masonry Walls (3-2006)
19-2B  Design for Dry Single-Wythe Concrete Masonry Walls (3-2012)
19-3B  Preventing Water Penetration in Below-Grade CM Wall (9-2012)
19-4A  Flashing Strategies for Concrete Masonry Walls (3-2008)
19-5A  Flashing Details for Concrete Masonry Walls (3-2008)
19-6A  Joint Sealants for Concrete Masonry Walls (1-2014)
19-7  Characteristics of CMU with Integral Water Repellent (12-2008)
TEK Update History

Total Rewrites
2014: 3-4C, 14-21A, 18-1C, 18-2C, 18-5B, 19-6A
2013: 6-1C, 6-2C, 7-4A, 12-03C, 13-4A
2012: 1-1F, 2-5B, 3-6C, 6-4B, 6-12D, 6-12E, 12-6A, 13-1C, 14-23, 18-2B, 18-11B, 19-3B
2011: 1-3B, 5-5B, 5-16, 6-14A, 6-17B, 11-9B, 11-12A, 12-1B, 14-7C, 14-19B, 17-1D, 18-1B
2008: 2-5, 14-5, 5-15, 6-6A, 6-16A, 7-1B, 13-4, 14-4B, 14-8B, 14-13B, 19-6, 19-7
2007: 1-1E, 1-3C, 5-13, 6-4C, 6-12C, 9-2B, 12-4D, 12-6, 13-1B, 13-2A, 14-1B, 14-16B, 18-11
2006: 1-1D, 5-10A, 6-5A, 6-7A, 6-9B, 6-10A, 6-15A, 7-5A, 11-13, 12-4D, 16-3B, 18-3B
2003: 3-6B, 3-7A, 5-1B, 5-3A, 5-11, 10-3, 14-1A, 14-10B, 14-11B, 14-18A, 14-22, 15-4A, 18-9A
2002: 3-1C, 3-14, 4-1A, 5-2A, 5-4B, 11-11, 11-12, 12-4C, 14-7A, 14-4A, 14-13A, 14-20A
2001: 3-10A, 3-13, 5-6A, 5-7A, 10-2B, 10-4, 14-8A, 15-1B, 16-2B, 17-1B, 17-3A
